*edible flint's* Garden Starters program is responding to the need for early season seeds especially for the many hoophouse/high tunnel growers in Genesee County. We know that most growers plant to grow organically and are purchasing organic seed. This purchase of early season seeds is a prototype for all of us to learn more about what is needed and the advantages of purchasing together. *edible flint* is committed to creating this first project, repackaging, distribution and evaluating with you. *edible flint* is committed to keeping you informed - and to listening to you on what works, what doesn't and recommendations for improvement. For more information or to order call 810.244.8547 or visit [edibleflint.org](http://edibleflint.org) today!

*"edible flint* programs and materials are open to all without regard to race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, gender identification, marital status or family status"
