

Our Mission

To support community residents in growing and accessing healthy food in order to reconnect with the land and each other.

Each summer, the Food Garden Tour celebrates the hard work and success of food gardeners all over the city as well as connect community members to our organization. Tour participants are invited to visit garden projects by bus or bike. The tour concludes with a celebration with food, music, and conversation.

This event continues to be one of the best ways to showcase the positive work being done to support our mission in a supporting Flint residents in growing and accessing healthy food in order to reconnect to with the land and each other. Not only do participants have the opportunity to get inspired by other urban gardeners but they really get an opportunity to grow their network and learn from fellow gardeners. People of all ages attend the event and share experiences, stories, and give support to one another. Your contribution is critical to making our Food Garden Tour a success and makes the tour possible. All proceeds directly benefit our programming and food access.
